yard of the month

338 Washington Street

By Doug Couillard

Lynn and Bill Rice shared their beautiful gardens with us this month and we are so glad they did! Their home is beautiful from the Washington Street view, however, as we made our way into the back yard it was amazing what a hidden paradise emerged. Lush green grass surrounded on all corners of the property with such an amazing variety of plantings and hardscape. The Italian style piazza along the side of the house with a working fountain is one of the highlights.

Although I wanted to believe it was all Lynn and Bill's green thumbs, Lynn was happy to confess that they had a lot of help from Anne Fenwick from Garden Vignettes, in Duxbury. If the goal is to create an interesting space with many different looks that all blend together in harmony, then I'd say that Anne nailed it! Enjoy!

If you have an outstanding yard or garden or know a neighbor who does, we want to know about it! All you have to do is snap a picture and email it to us at LifeOnTheBay@n2pub.com. Please include names and the address so we can give you the proper credit for all your hard work!
